Formal Partnership Letter

Date: 12 August 2026

To:

Yeshasalem District Youth Executive

From:

Priest Ariel Madisha, Founder & CEO, Qwertymates (Pty) Ltd

Subject: Partnership Proposal for Youth Empowerment Initiatives

Dear Yeshasalem District Youth Executive,

Qwertymates is a community-driven digital ecosystem designed to create jobs, empower youth, and build sustainable businesses. I am writing to formally propose a partnership between Qwertymates and the Yeshasalem District Youth Executive Committee to align district youth empowerment initiatives with our platforms.

Our platforms

QwertyHub — the default marketplace for essentials. Suppliers and manufacturers list their products, and users can resell them. It also offers food and restaurant ordering, integrated with Errands for collection or delivery, and a groceries option where customers can order from participating stores.

ACBPAYWallet — a digital wallet with agents, payweb, and an own-bank vision.

QwertyTV — creator monetization, data sovereignty, and promotion of Thau Thau Haramanuba teachings.

QwertyMusic — artist ownership and fair distribution.

AskMacGyver AI — productivity tools and data centre development.

Morongwa Messenger and Errands — communication and micro-job opportunities.

Job creation potential

- Digital shop owners via QwertyHub (no stock needed)
- Delivery agents and errand runners for groceries, restaurants, and errands
- Tech developers and designers to maintain and expand the ecosystem
- Community coordinators to integrate youth and district projects
- Customer support agents for merchants and buyers
- Finance officers and compliance managers supporting ACBPAYWallet's banking vision
- Content creators and artists through QwertyTV and QwertyMusic

First step — Project Management Committee

We propose the formation of a Project Management Committee (PMC) composed of members from the Youth Executive. The committee will guide rollout in alignment with Tau Skills Academy, bursary programs, and district projects. Members of the PMC may also serve as directors, ensuring shared ownership and accountability.

Once the team has perused the proposal and are satisfied, we can forward it as a formal request for approval at the mountain.

Invitation

This partnership is intended to be the first step toward job creation, youth empowerment, and community ownership in Yeshasalem District and ultimately globally.

Please see the accompanying PowerPoint deck (15 slides, including Revenue & Impact) and Word proposal letter for detailed information. I look forward to your response and to working together on this important initiative.

Sincerely,

Priest Ariel Madisha
